The stories of Tim and his seafaring friends have been loved by children for over forty years. Now with the publication of two of these classics as full-sized paperbacks, one hopes that a new generation of readers will be introduced to the delights of Ardizzone. The very nature of the illustrations with their powerful seascapes and bubble talk, and the spirited adventures, presented in large print, mean that these books can be offered to older, less advanced readers in the junior school as well as being read aloud to infants.
