Anticipating every possible disaster, Portly - the world's worst worrier - prepares for his National Swine Day party. However, the party is a huge success and the following day Portly begins planning for next year's celebration: 'What if next year's party isn't as good...'; being the eternal pessimist, the pathetic Portly has 364 days to worry about it.

I find it difficult to imagine who this book is aimed at: certainly not the very young; nor did it engender any enthusiasm from the sevens to tens I showed it to.
