Who is the Rectifier --- he (or she) who "makes adventure something that can happen anywhere, anyday, He (who) can turn ordinary life into a sort of Golden hand"? Brains, the narrator, doesn't really know and certainly snobby, insufferable Howard Bygrave, who "looked like a frog that would never turn into a prince", positively doesn't know. Quite probably Mog, who could conceivably be the Rectifier's apprentice knows but then again ... A quirky adventure quite likely to appeal to a wide range of kids, especially when they discover more about the rather mysterious Mog, Mog's mother and the sinister Mr. Skin.
