Following hard on the heels of **Ghostly and Ghastly** and **Creepy Creatures**, collected also by Barbara Ireson. **Fearfully Frightening** is an amiable collection of non-too-frightening 'ghost' stories. A splendid cast has contributed, including Nicholas Fisk. Joan Aiken and Jan Mark, but the whole is rather too comfortable and reassuring to frighten anyone. The most spine chilling line is the printer's statement that the text is set in Baskerville! However for nine pluses it's all good fun and with ten lively stories for £1.25. pretty good value.
