Susanna Gretz's favourite bears and their dog take a trip to the supermarket armed with a shopping list. But as they go their separate ways the list is overlooked and the end result is total confusion about who is to get what. Fortunately the situation is saved by Andrew whose coming home presents supply the missing items. Unlike the bears, young readers or listeners will be quicker to spot both the whereabouts of the missing list and the forgotten purchases, and will relish the glut of ice cream along with the bears. Great fun.
