Rachel Isadora uses the eyes, ears and fingers of a toddler to experience these three senses. Each book takes us through a day and there are some objects and activities which are explored in each of the books giving an added continuity to the series. The mainly close-up pictures are soft and gentle in mood and the toddler is beautifully portrayed. The gentle mood is echoed in the simple, well chosen words. Ideal for sharing with the very young.

Running Order:

51
