This is a rip-roaring yarn of messages in bottles flung upon the shore guarded by a lonely lighthouse; of Tom flying to the rescue in a hot air balloon; of Katy devising a cunning plan to save the last of the dinosaurs from destruction; of escaping in the nick of time from an erupting volcano - you name it, this story has it. This is the stuff of a master storyteller weaving an epic - it's not just the paper he paints, but also our imaginations.
